Table of Contents

Chapter 1: Introduction	1
Chapter 2: Trends and Conditions.....	13
Chapter 3: Performance Measurement	33
Chapter 4: The Multi-Modal Transportation System Plans	47
Chapter 4.1: Street System Plan.....	57
Chapter 4.2: Transit System Plan.....	65
Chapter 4.3: Pedestrian System Plan	79
Chapter 4.4: Bicycle System Plan	87
Chapter 4.5: Freight Access and Distribution.....	95
Chapter 4.6: Parking Plan.....	99
Chapter 4.7: Transportation Demand Management	107
Chapter 5: Regional Transportation	113
Chapter 6: Maintenance and Operations	127
Chapter 7: 2013 to 2030 Transportation Facilities Plan	133
Chapter 8: Three Year Action Plan.....	153
Appendix A: Public Engagement	163
Appendix B: Supplementary Performance Measures.....	165
Appendix C: Concurrency Management and Level of Service	169
Appendix D: Street Classification System.....	175
Appendix E: The Unfunded Buildout Plan	187
Appendix F: Design Guidance.....	223
Appendix G: Transportation Facilities Plan (TFP) Programs.....	237
Appendix H: Extended TFP Project Descriptions	265
Appendix I: Glossary and Acryonyms	271

List of Tables

Table 1. Mode share for Redmond and the Puget Sound region	23
Table 2. Multimodal network completion in the 2005-2018 Transportation Facilities Plan.....	32
Table 3. Connectivity categories	35
Table 4. Guidance for developing modal corridors with multiple modal priorities	53
Table 5. Bicycling is one of the least costly forms of transportation.....	88
Table 6. Support for TMP strategies	114
Table 7. King County Metro Transit reports and plan updates, 2012-2015	121
Table 8. TFP revenue forecast 2013-2030	134
Table 9. Downtown TFP projects	138
Table 10. Overlake TFP projects.....	140
Table 11. Neighborhood TFP projects.....	145
Table 12. Citywide TFP programs.....	148
Table 13. V/C Ratios for highways of state significance in Redmond.....	173
Table 14. Principal arterial streets.....	181
Table 15. Minor arterial streets.....	182
Table 16. Collector arterial streets.....	183
Table 17. Connector streets.....	185
